We work toward creating a sustainable European dialogue in which young people exchange experiences and build personal relationships. For us, mutual understanding arises from knowledge, trust and shared experiences. Our foundation is therefore committed to offering an international youth experience, in which people from various geographic, ethnic, educational, religious and/or political backgrounds get the opportunity to interact in an informal setting. That's also the reason why we cooperate with organizations from across Europe.</p>

We conduct an intake interview with each prospective volunteer and organize an additional pre-departure seminar for selected candidates.
